9th Global Family Office Investment Summit

18-20 June 2019. Fairmont Monte Carlo Hotel

World's Largest & Most Exclusive Gathering of Family Wealth

Hosted by **Ritossa Family Office**, a family business dating back 600 years to time of the Venetian Empire in Europe, and with deep roots into Europe & the Middle East, this is the 9th event in a Global Series covering Dubai, Monaco, and Miami - and the third one in Monaco. The most recent Summit in Dubai made global headlines as the most significant & influential family office gathering of all time.

Over **600+ Elite Family Offices, Prominent Conglomerate Business Owners, Sheikhs, Royal Families, Private Investment Companies, International Business Mogels, Sovereign Wealth Funds, & industry professionals** from around the globe are scheduled to attend, representing **over \$4 trillion** in investor wealth and making it **the world's largest and most exclusive gathering of elite family office decision makers**, with an investor delegate ratio of 3:1.

"The Rise & Rise of Family Offices" is the theme for our Monaco Summit & will act as a bridge between European families, and their Middle East, U.S., Asian, & Latin American counterparts to meet, network and exchange information and ideas to start the journey of discovery and venturing together between like minded peers in a safe-harbour environment.

The summit is a private forum **exclusively organised by family offices for family offices**, ultra elite private investors, prominent business owners, Sheikhs, Royal family members, financial families and their private offices from around the world. The summit brings together the **world's leading experts** geared toward **identifying actionable strategies** for generating returns in a low-rate, high volatility market. Facilitated by family offices, the summit will provide two days of **private peer-to-peer conversation, networking and cross-border thought leadership** designed to make you think about what to look out for, how you are investing, and why?

"The most highly acclaimed gathering of Global Wealth of all time."

Summit Host - Anthony Ritossa, Chairman, Ritossa Family Office.

Ritossa Olive Oil & Family Office represents the distillation of six hundred years of history - of a grove, a family and a region. The gnarled roots of the Ritossa olive groves have persevered through war and natural disasters, through changes of climate and country, and under the rule of warrior princes, wealthy merchant kings & modern despots. The Family Office is known for their contrarian investments which have included the US Subprime Crisis, the European Sovereign Debt & Banking Crisis, and various strategic PE, RE & Blockchain allocations.
